EDUCATION

The Chinese University of Hong Kong

Bachelor of Medicine and Bachelor of Surgery

Expected July 2026

Minor: French (completed) and Computer Science

Coursework (Medicine)-

A in Molecular Medicine and Genetics; A- in Human Function I and Human Structure I

Coursework (Computer Science)-

B+ in Algorithms of Bioinformatics; Fundamental Computing with C++ (result not released);

Data Structure (in progress)

HONORS & AWARDS

Dean's List

2022

Year 2 Medicine

The Chinese University of Hong Kong

Admission Scholarship Award

2020

The Chinese University of Hong Kong

Hong Kong Diploma of Secondary Education

2020

Top 0.8% of cohort

SKILLS

Proficient in C++ and Python- capable to use various libraries and object-oriented programming in programming tasks to build larger applications.

Bioinformatics- familiar with different bioinformatics algorithms like hidden Markov Model, K-means clustering, Burrows-Wheeler Transform, sequence alignment and assembly, etc.

Machine learning- understanding and learning several machine learning algorithms like recurrent and convolutional neural network, support vector machine, and more.
